WHO DOES WHAT

Roles

- **GitHub** runs the scan, Dependabot and the tests.
- **Claude** triages every morning at 06:48, fixes and reports.
- **The owner** decides major changes and accepted risks, and blocks old app versions.

COST

0 \$ extra

GitHub Actions free plan (about 500 of 2,000 minutes a month), the owner's Claude plan, OSV.dev public.
